

Greetings Friends,

Many things are going on in the world at the moment, some great, some not so great. Last week we tackled some of the false ideas about the reason behind the Canterbury earthquakes, and spoke about some ideas as to why they are in fact happening. For those of you who missed that, you can view the 'Sleeping Giant' [here](#).

Many other prophetic people have been getting similar pictures, and insight into the background of these earthquakes, and in this posting, we will host some of those for you.

Jesus was (and still is) the light on earth, for those who are living in darkness, and we are called to **be like him**. "Lights" to those who are lost in the darkness of this world. Lights NOT just to those who are "unbelievers", but also lights to those who are hurt, confused and desperate in these times.

Not all that is happening is out of our control. Much of it is difficult, but we must think of what we can take out of the events, and what we can do to make our situation worthwhile and beneficial. There is much opportunity! What can we do NOW, and what can WE change? Be encouraged. Father God is still on the throne and is still in control!

Cheers,

I am asking God the question – How are You in control in this situation? Why are we hit time after time? Why is there no end to the shaking?

He speaks His response: "If each fault line went at once; it would be total carnage. If each fault line went completely in one release, even separately; also total carnage."

So I saw that, if there was no restraint in place by our I Am, there would be no more Christchurch to rebuild....

Transformation in the Nation – Part 1

By Ross Monk

Greetings Michael

I have had some thoughts on writing for RiverLife, giving my view as to how I see the situation in Christchurch and what I feel God is saying in it all.

Firstly I do not feel that it is time to be judgmental in what has and is happening.

Anybody can be a self proclaimed prophet in hind sight. We don't need to be judgmental people at this time, but **instrumental**....

To All the Christchurch Churches

We read in Paul's letter to the Galatian church, "There is no Jew nor Greek – (read: no Anglican or Apostolic, Brethren or Baptist, Charismatic or Congregational, Presbyterian or Pentecostal, Methodist or whatever) ... we are all one in Christ Jesus".

If we believe this, can we not work together in Christchurch for the sake of the Kingdom of God and the Church, and supremely for the sake and glory of Jesus Christ who is the Head of the Church, that the world may believe?

Yours in Christ,
