

6th July 2011

Hi Family,

For some time I have seen and believed in the Kingdom goal of ordinary members of the Family of God (with an extraordinary Father) moving steadily and miraculously forward following their perceptions of what He is doing and saying. This was modeled by Jesus Christ, who said in **John 5:19 and v 30** that He did and said what was shown Him and spoke what He heard from our Father, seeking His will in all. God has been speaking to me and I believe many of you, that in His heart this is normal for our everyday moment to moment existence.

We can engage with His goals by welcoming His transformation on the inside of us. This progressive heart change turns our “treasures” and “toys” into tools in His service. This, in the end, makes all things in our lives Kingdom tools or Kingdom focused in order to walk there, instead of being more important than His commands. This season of change in Christchurch would not be complete without some radical heart shifts amongst us His people, and I say that from the real place of desiring and praying sincerely for transformation within me.

I have seen a lot of His transformation as I have walked with Him for the past 37 years but I desire more, simply because I see more to be like, in my intimate daily moments with Him, and desire all this Goodness that He is to be yours as well.

Michael Arndt

This magazine is intended to encourage you and provoke you to thought and prayer about what you consider His will for Christchurch (or your particular dwelling place) and your life is.

[Transformation in the Nation – Part 2](#)

By Ross Monk

After returning to this nation 5 years ago, God began to lay some things on my heart. Firstly God reminded me from the book of **Romans, chapter 8:19** where it says this: “*For the earnest expectation of the creation waits for the manifestation of the sons of God*” It can be also said this way: “*That all of creation is waiting for the revealing of the sons of God*”.

God wants to reveal at this time to this creation something of His nature through...

[A New Wave](#)

by Michael Arndt

This article is about a new national wave of harvest sweeping through New Zealand and the world, and renewal in God's people as we prepare for it. This is also about God's conditions to His family on this wave, what the conditions mean and why He has made these. Some of you will find that our Father has already revealed some or all of this to you. As I was in prayer in April of 1996, God revealed in a series...

[We are Powerful](#)

By Daniel Pullar

In the times that we are in, there is one recurring message that I am hearing from our Father again and again. What he is reminding others and me about is that because of Him, "we are powerful, and we are conquerors". The reason why I say 'reminding', is because this is not a NEW message, but one that has been around for a long time, and is no less relevant today than it ever was.
