

Keep it Simple

K eep it simple son
Is the catchword for today.
It's showing people who you are,
It's not on what you say.

W ho you are in Jesus Christ
Is the most important thing.
It's loving Him above all else,
Watch the blessing it will bring.

W 've all got to die to self,
We've heard it all the time.
We've got to cast the old man off,
And let the new one shine.

W e don't need a sermon
For everyone we meet.
Just love them, listen to their needs,
It's such a simple feat.

K eep your Bible handy,
Keep it well within your reach.
Be familiar with its Author and
Allow His Word to teach.

P ut your trust in Jesus,
He will lead us to the lost.
It's harvest time upon the earth,
If we will pay the cost.

S tay close to our dear Father,
He is just a prayer away.
Keep short accounts with Him, my son,
Just ask him and He'll stay.

It's not a great big mystery
To try to hear His voice.
He's always willing, always waiting,
Such a simple choice.

Please don't run around all day,
Is the message from above;
Just relax and you will find
His undisputed love.

We don't have to prove ourselves,
And run our lives so flat.
Let go, let God, and rest assured,
He will take care of that.

You have a ready listener
To your problems every day.
Commit to Him, and you will find
He'll take those things away.

But trust is the requirement
That bonds us to His plan.
Have faith in Him - I do believe
He'll change the inner man.

It's not easy, it's not fair,"
We jump about and shout.
Just give your heart - so easy, man,
He'll turn your walk about.

We often make it very hard
To try to get it right.
The battle, friend, belongs to Him,
And by our side He'll fight.

So keep it simple, keep it plain,
Keep your eyes on Him.
Let Him gently guide your way,
And you won't sink, you'll swim!
